Reports of Decrease in Railroad Earnings and Idle Cars Have a Depressing Effect.

BAD SEASON FOR COAL TRADE

Traders Not Pleased With Mandate to Harriman to Answer Questions.

NEW YORK, January 16.—The growing instability of the stock market at the advanced level of prices which has been in evidence during all of this week culminated to-day in a reaction of some violence. The downward course of prices was unaccompanied by course of prices was unaccompanied by sny news pointing to a change from the conditions which have prevailed while prices were being advanced. The carly movement of prices was erratic at a feverish, and strengtheued the sustain prices. These were apparently related one of manipulative measures to sustain prices. These were apparently related the sustain prices. These were apparently related the sustain prices. These were apparently related to the whole list gave way. Evidences of trade reaction were allowed their full force in current estimates of the outlook. Compilation of the returns of seventy-four railroads for November, reporting previous to to-day, show a ret decline in the net return of 1243 per cent. from that of November in the preceding year. Gross earnings of thirty-one railroads for the first week in January show a decrease of 12.81 per cent. compared with the corresponding week of last year.

Reports have been coming into Wall Street during the week of the bad offect of the sustained earnings here to fore shown by the coal-carrying roads.

The American Railway Association

The American Railway Association The American Rallway Association estimate of 27,000 freight cars standing idle on the rallroad lines of the country was a centributing influence to the depression.

A judicial mandate to prominent financiers to answer questions in the Interstate Commerce Commission's investigation of the Harriman rallroads and reports of renewed visor in the

westigation of the Harriman railroads and reports of renewed vigor in the Standard Oil investigation were used by the bearish element with affect. The activity led to over-extension on the short side and a widespread covering movement railied the late market. Bonds were heavy. Total sales, par value, \$4,230,000. United States 2s declined 1-8 and the 3s 1-4 per cent. on call. Total sales of stocks to-day, 1,020,100 shares.

Daily Court Record

Tobacco prices reached yesterday the highest point of the season. It is true that the unfavorable season is holding the receipts down a great deal, but despite this fact the market is in excellent condition and the small amounts offered are being taken in at the best of prices. One load of Goochland tobacco soid by Messrs. Frazier and Tompkins for Mr. B. A. Webster, averaged \$10.65 sround, while two piles one at Shokoe and one at Crenshaw's Warehouse, brought \$40 each.

RECEIVER DUNCAN AT WORK

RAILROAD NEWS

Will Pull Along Harmoniously With Warfield and Williams. Gas Electric Car Tested.

President Finley, of the Southern Rallway, gives a hopeful view of the future, so far as his company is concerned, the reports indicaing increased freight and passenger traffic for the remaining weeks of January. He declares that the talk of a receivership was due to the result of Scaboard Air Line troubles. "The traffic," he says "fell off considerably during December, and the same state of affairs prevailed during the first week in January. There is a fair amount of business in sight, however, and I should say that by comparison with December carnings any change in the busines for January and February should be for the training the state of the same state.

Buncan the Fifth Wheel.

Having determined to retire at once from the office of Internal Revenue Collector of North Carolina. Mr. Edward C. Duncan, named as third receiver for the Seaboard Air Line, will begin at once to work in harmony with Messrs. Warfeld and Williams. His appointment seems to have given general astisfaction along the system, and especially in the State where he is well known.

Before the Southern Railway was organized, with the Richmond and Danville as the parent property, the latter had three receivers—Samuel Spencer.

F. W. Heldekoper and Reubem Foster—Mr. Spencer subsequently being elected president of the Southern. As he is the "third party," and the choice of the Federal court, it is not expected that Mr. Duncan will line up with either the Ryan-Biair or the Williams factions. It will be the one aim of the receivers to work for the utimate good and greatness of the company.
